

Alan Coley

Head of Regulatory & Quality

Mr. Alan Coley joined XOR in January 2015 and serves as the Regulatory and Quality lead for XOR Labs providing strategic regulatory options for management to review. Mr. Coley is leading the certification of XOR's quality system to ISO 13485:2016 Standard. With experience developing quality systems for more than 10 companies, Alan understands what is needed to implement an efficient, compliant Quality Management System. Alan has held positions in large multinationals such as Eli Lilly and Leo Pharma but also start-ups, such as TmBiosciences, including significant executive leadership positions. Alan is a graduate pharmacist with more than 30 years of senior management experience in international Regulatory and Quality positions and has been successful in guiding first-in-class submissions with the FDA, Health Canada and regulators in Europe. Alan has been the management representative, taking a lead role in audits from FDA, Canadian and International regulatory authorities as well as company customers. He has represented the industry on many committees providing industry perspectives to the FDA and Health Canada.
