

## Steven Plymale

XOR Board Member

Mr. Steven Plymale has a strong track record of building medical technologies from the critical early stages of product development through operational scale-up and clinical and regulatory pathway development.. Until recently, Mr. Plymale was the President and COO of Profound Medical,(TSX-V:PRN), an emerging medical device company that is commercializing a real time MR image guided thermal ultrasound ablation treatment for prostate disease. Mr. Plymale serves as XOR's Lead Independent Director.
